Since our last report, Mr. Hodson has passed his second shorthand and typewriting test, while Mrs. Reuter and Miss Pearl Smith have passed their first.

For valid reasons, Prof. Gossett has given up his work with us for the remainder of this year, and Miss Mohr of Dexter and Mr. Westover are looking after the most of the work previously done by Mr. Gossett, while President Moothart has the two advanced dictation classes in shorthand.

George Hensen of Buckhorn, Wayne county, who recently closed a very successful term of school, matriculated in our shorthand and typewriting department this week.

Miss Fitz of Des Arc, Iron coun ty, called at the college office the other day, getting information rela-tive to our work. Miss Fitz has decided to take a course with us yet have this summer, or possibly post that it until the September opening.

Some of our students are still dropping out, but almost without an exception those who have not finished their work expect to return in September
